ESTATE OF STEIGEMANN

Murderer's Affairs In Court.

ADMINISTRATOR CHOSEN

Father-in-Law Will Have Charge of Property—Many Probate Matters in Court.

DOLLINGER, father of Mrs. Emma Steigemann, who was murdered last Tuesday by her husband, was appointed temporary administrator of the estate of Benjamin M. Steigemann, the murderer and suicide. He was ordered to file an inventory within ten days. His bond was fixed at \$500.

Dollinger requested that he be empowered to carry on the business in the little King street store, but this Judge Humphreys refused to allow. He stated that if the temporary administrator were empowered to do this, his bondman would be liable for any shrinkage in the estate.

A quantity of goods for Steigemann's store is now on the way here from San Francisco. All this must be paid for on arrival, or the goods will be sent back to San Francisco.

PROBATE MATTERS.

A number of probate matters occupied Judge Humphreys' attention yesterday morning and a portion of yesterday afternoon.

The motion of John D. Holt to have J. S. Walker, his guardian, pay into court the sum of \$49.17 was dismissed, the money having been paid over.

The accounts of Mrs. Serepta A. Gullick as administratrix of the will of C. T. Gullick were approved.

The account of J. A. Magoon as guardian of James Love, a spendthrift, was approved.

The master's report on the account of Clara H. Banning as trustee under the will of J. F. O. Banning was affirmed and the accounts approved.

The accounts of R. W. Macfarlane and Aug. Ahrens as guardians of Ruth and George Richardson were approved and the guardians were directed to pay to the mother the sum of \$2,000 for the support of the children instead of \$3,200, as heretofore ordered.

The motion of S. K. Kane to expend a portion of the principal of the estate of Isaac Robinson, a minor, was granted.

Lam Tshung was appointed guardian of the estate of Lam Fook Len and Lam King Young, two little Chinese.

FEE ASKED FOR.

J. A. Magoon has filed a motion, supported by affidavit asking that he be allowed the sum of \$500 for services rendered to Elizabeth K. Robinson and Isaac Robinson, minors, whose guardian is S. K. Kane. He recites a transaction wherein he claims that he saved the minors several thousand dollars.

ESTATE OF JONES MINORS.

Mrs. Isabelle McC. Jones yesterday filed her second annual account as guardian of Edwin Austin Jones, Helen Jones, Margaret Jones and Catherine H. Jones. She charges herself with \$3,205.54 and asks to be allowed the sum of \$2,732.23, leaving a balance of \$573.31.

PESTANA ESTATE.

Jacinta Pestana has applied to the Circuit Court for the appointment of M. A. Gonsalves as administrator of the estate of Augusto Caesar Pestana, who died on September 15, 1906. The estate is valued at \$6,100. The company was living on Makiki street. The heirs are four children, the widow and a sister, Mrs. Silvana Cabral.

FROM THE DISTANT AZORES.

A number of much-sealed and stamped documents, the final receipts of the administrator of the estate of J. C. Pacheco, were filed in the Circuit Court yesterday. They were prepared in the Azores and were written in Portuguese.

DECREE FOR \$1,319.55.

Judge Humphreys yesterday granted a decree for the plaintiff in the case of Keahemakani Naholowaa (w) vs. E. H. F. Wolters, for the sum of \$1,319.55, likewise ordering the cancellation of a note dated March 15th, 1896, and a mortgage, dated October 25th, 1895.

PROPERTY OF BROWN MINORS.

Mrs. Irene H. Brown yesterday filed inventories of the estates of George H. Brown and Francis Hyde H. Brown. The former is valued at \$52,309 and the latter at \$19,503.

TEN PER CENT IS DEMANDED NOW

Government Asks a Big Slice of Wahiawa Company's Earnings.

For permission to construct its dam upon Government land the Wahiawa Fruit and Plant Company must pay the Territorial Government ten per cent of its net earnings, guaranteeing that this rental shall not fall below the sum of \$5,000 per annum. This was decided yesterday in the meeting of the Governor's council.

The matter has been before the council for some time, and has been extensively discussed in the press. Whether the Wahiawa Company will agree to the wishes of the Government remains to be seen. The company was willing to pay a five per cent rental, but thought that ten per cent was too high a price to pay. Besides demanding this the Government places a clause in the agreement requiring that after twenty years the property be re-appraised to see whether at that time the rental shall be increased or lowered.

Commissioner of Lands Brown presented an application from Theodore F. Lansing asking for a right of way across lands at Wahiawa for a pipe line from the Wahiawa stream. Mr. Lansing owns a right to a portion of the water and desires to lay a pipe across the Government land to reach his own property. The matter was laid on the table.

Plans were submitted by Mr. Brown also for the sale of land at Hilo at public auction at an upset price of \$500. The land is desired by Mr. Vredenburg of Hilo.

It was decided that henceforth the council shall meet but twice each week, on Monday and Thursday mornings.

Lycurgus' Wine Costs Nothing.

CASE AGAINST HIM FAILS

Testimony Showed Paris had Private Stock and Others' Money was Bogus.

It is lucky for George Lycurgus that this is not a land where "Weary Wilkes" thrive or he would find his place of business blocked for the next few days. According to the developments in Police Court yesterday when the case against Lycurgus for selling wine without a license was heard, George is a right good fellow, for it would appear that instead of selling liquor he has been giving it away, handing it out gratis with each sandwich and piece of pie consumed by his customers.

It is rather a reversal of the time-honored free lunch system this presenting each corner with a bottle of wine for the stomach's sake but such would appear to be the case.

It came out in the testimony of W. O. Crowell, who on Sunday last went to Lycurgus' and dined his friend Henry Vierra. They drank claret, securing it from George in the most matter of fact manner. The two ate and drank together and when Crowell went down to pay the reckoning Philanthropist George smiled benignly and said that there was no charge for the wine. That, he announced, was free.

George H. Paris was also on the stand but he stated that he kept a private stock of wine at Lycurgus' so his testimony was valueless as against Lycurgus and Mine Host of the Grill was discharged. Paris' friends who had no knowledge of his being a connoisseur in vintages are looking for his advice now.

George is anticipating a rush of customers anxious to work the free wine and beer racket henceforth.

Lycurgus will hardly get a license to sell light wines and beer at the Union Grill from the present officials. His petition was presented in the meeting of the Governor's council yesterday by Treasurer Lansing. It was discussed at some length but as there is a provision in the statutes which forbids the granting of any light wine and beer license to any applicant whose place of business is within two miles of a saloon the petition was refused.

Treasurer Lansing addressed him the following in the matter:

I beg to acknowledge receipt of your petition and application for a license to sell light wines and beer to your boarders and customers on the premises of the Union Grill, south side of King street, between Fort and Bethel streets.

The latter part of section 1, Act 61, Session Laws 1898, entitled "An Act to authorize Licenses for the Retail of Wines, Beers and Ales," provides:

"That in any district, town or place in which there is a license in existence for the selling at retail of spirituous liquors, the business of vending spirituous liquors at retail is actually carried on, no such license shall be issued within two miles from the place where business is being carried on under such license."

As your place of business is within a very short distance of a licensed place for the retailing of spirituous liquors, the foregoing section of the Act prohibits the granting to you of a license such as you require.

Treasurer Territory of Hawaii.

Hospitals on Punchbowl.

It was stated at the Naval station yesterday that it was not likely that the United States Marine Hospital would be built at Pearl Harbor as has been reported. The United States Government has reserved a tract on the slopes of Punchbowl for this purpose and when the hospital is built that will in all likelihood be its site. It is barely possible that the United States commercial marine hospital may be built on the same site.

An exception: "There's one thing about this glorious country. Every man in it has a chance to be President." "Not every man." "Yes, sir!" "No, sir! There's Bryan."—Life.

The Best Food for Infants

Nature planned that infants should have only milk for at least the first year of life. But thin milk, skimmed milk, will not nourish. It's the milk that is rich in cream, or fat, that does the work. This is because fat is positively necessary for the growing body.

Scott's Emulsion

contains the best fat, in the form of Cod-Liver Oil, for all delicate children. They thrive greatly under its use. Soon they weigh more, eat more, play better and look better. It's just the right addition to their regular food. The hypophosphites of lime and soda in it are necessary to the growth and formation of bone and teeth.
